**In This Kids Book an Imaginative Little Boy Discovers Objects in the Clouds**

*In the Clouds*, a new book by M. L. Bruce, has been released by Dorrance Publishing Co., Inc.

Clouds are the perfect way to fuel a child's imagination. In this fanciful book for children, a little boy discovers whimsical objects by gazing into the clouds. Author M. L. Bruce hopes that the children reading this book will be inspired to use their own imaginations by searching the sky to see what they may find. This seemingly simple exercise is not only fun, but also trains young minds to use critical thinking skills throughout their lives.
