

Richmond, VA Author Publishes Humor Book

In This Humorous Book the Author Tries to Explain the Moment When a Person First Gets Upset about Something

I Got Upset When...., a new book by Jim Geisheimer, has been released by Dorrance Publishing Co., Inc.

The average person wakes daily expecting some surprises throughout his/her day. Some events bring sadness; others, some degree of happiness. Then there are those 15 seconds following an unexpected event that makes a person UPSET. Nothing cataclysmic like a nuclear plant explosion—no bells, no sirens, just upset-ness, the kind of emotion one would experience when witnessing a wingless bird with four legs trying to fly.

I Got Upset When... captures those 15 seconds and builds on that emotion. A series of fun anecdotes based on everyday life and events, it challenges one's expectations of normal and predictable scenarios with humorous and/or cynical twists. So, sit back—take off your socks (shoes first!). Relax and unwind. Don't take things too seriously. Enjoy, and above all else: don't get Upset!
