In This Memoir a Conservative Tells of His Life and Values

Logical or Ludicrous, a new book by Martin Henrichs, has been released by Dorrance Publishing Co., Inc.

Becoming an adult during the 1950s, Martin Henrichs holds many of the values that were important during that time. In order to keep these values intact, he organized a local conservative group. For his message to be heard, Henrichs decided to share his life experiences, such as smuggling letters out of the Soviet Union to Jews in America and experimenting with the sexual revolution. He gives examples of how much America has changed and may be spinning out of control.
