In This Kids Book a Princess Must Save Her Friends from an Evil Queen

Princess Indigo and the Fraliens & Cyber-Rats & Pets, a new book by Sarah A. Long, has been released by RoseDog Books.

Princess Indigo and the Fraliens & Cyber-Rats & Pets is a fun, adventuresome story about Princess Indigo, who is not your typical princess. She is a totally awesome, out of this world, and beyond cool princess who does not like the “normal, blah-blah” princess stuff.

She has just moved to Brooklyn, NY with Queen Mom where she meets a very different prince, Prince Figuro, in a most unusual way. Prince Figuro's evil stepmother, Queen Petra, who is from outer space, changes Prince Figuro into a “Fralien,” an alien frog, when he forgets to clean his room! She changes his name to “Figgy” and banishes him to the Land of Fraliens with another family.

Can Indigo save Prince Figuro, aka “Figgy,” and change him back into a prince? Or will Queen Petra succeed with her evil plan?
