In This Memoir a Man Writes about Living with a Personality Disorder

Realm of a Narcissistic Sociopath on a Bloody Warpath, a new book by Roger C. Garber, has been released by Dorrance Publishing Co., Inc.

A narcissistic personality is a lifelong clouded behavior considered to be a serious mental illness with some individuals so violent, they are a threat wherever they go. Author Roger C. Garber was diagnosed and has to live with this disorder, so he has written this book as a creative outlet. Look into the mind of a narcissistic sociopath who is such an antisocial brute and needs to be feared by all.

If you are his friend or family, you have the best protection you will ever have. If you are an enemy of his, he is more dangerous than the most violent dream you've ever had.
