Sherwood, AR Author Publishes Memoir

In This Memoir a Woman Looks Back at Her Life of Struggle and Perseverance

Remember When, a new book by Loretta Gordon, has been released by RoseDog Books.

Loretta Gordon grew up in the small town of Morrilton, Arkansas. Her book covers different episodes throughout her life with the fun times and struggles with her and her six siblings. It was in this town where the author had the accident that really changed her life. With long, painful treatments, God brought her through it all. Although it's a sad and painful book, her stories will make you laugh. Laughter helps to brighten anyone's day.

At age sixty-one, Gordon decided she wanted to do something more in life to help others, so she chose to go to college. Gordon's ambition was to become an LPN but she could never overcome some of the obstacles. She then decided to be a patient care tech at a nursing home and from that became an activities director before retiring again.

You will find her book very entertaining in observing how far the medical field has come since 1952, especially in anesthetics. The medical field has improved tremendously when caring for burn victims.

Remember When is an 84-page paperback with a retail price of \$22.00. The ISBN is 978-1-4809-7646-7. It was published by RoseDog Books of Pittsburgh, Pennsylvania.
