

Scottsboro, AL Author Publishes American Indian History Book

This Book is a Celebration of the Legacy of American Indians

Riding to Remember: Trail of Tears Motorcycle Ride, a new book by Jerry Shadow Wolf Davis, has been released by Dorrance Publishing Co., Inc.

The government made us more promises than I can remember, but they never kept but one; the government promised to take our land and kill the buffalo, and they did.

Riding to Remember explores the tragic history of the American Indian: from the usurping of their homes and land, the erosion of their customs and culture by European immigrants, to the current political climate. A warning—for those who do not learn from history, are destined to repeat it.

More than that, though, *Riding to Remember* is a celebration of a proud and powerful people. May they never be forgotten.
