This Book Gives Logical Reasons for Christian Beliefs

The Obvious Secret: A Discipleship Journey to Christian Maturity, a new book by Bruce C. Steffens, has been released by Dorrance Publishing Co., Inc.

The Obvious Secret explores the various major beliefs of the Christian faith from a logical and analytical standpoint. It is intended for two purposes. First, it is a resource to develop Christian discipleship curriculum for teachers and instructors. Secondly, it is self-study resource for seekers, new believers, and even established believers. It contains a systemic approach to understand the “why” of what we believe and then helps one to establish and deepen a personal relationship with God. The book is not intended to tell someone what to believe, but rather to give the logical reasons related to belief topics and allow a person to discover the truth of the belief for themselves. However, without a vibrant relationship with God, all the understanding of God’s principles and truths are academic. A mature disciple is the person whose best friend is God and who helps those around him or her to know God’s love and create their own relationship with God.
